**About Law Mantra Trust:** “Law Mantra” (headquarters New Delhi) (Registration No 150 in Book No.4 Vol No 3, 603 of 2018) is not for profit organisation running for the purpose of enhancing legal academics and legal awareness in the society and in the practice of the same. Law Mantra is a registered society under the Indian Trust Act, 1882 whose members are leaders and members from the legal fraternity, other professions with a nexus to conflict resolution, academics and experts from various fields who are committed to resolve conflicts and disputes using innovative mechanisms and methods such as Mediation, Conciliation, Negotiations and Arbitration. Law Mantra is a body of Jurists, Advocates, Academicians and Students running for the purpose of enhancing legal academics and legal awareness in the society and in the practice of the same.

**About Maharashtra National Law University, Nagpur:** Maharashtra National Law University Nagpur (MNLU) (also known as National Law University, Nagpur or NLU Nagpur) is a National Law University and a public law institution established by the government through a public enactment as the Maharashtra National Law University Act (Maharashtra Act No. VI of 2014).[14] The university is the 19th National Law University established in India and is located in the Orange City of Nagpur, Maharashtra.[15] The Chief Justice of India serves as the Head of the institution.

**About Maharashtra National Law University, Aurangabad:** Maharashtra National Law University, Aurangabad (MNLU Aurangabad, MNLUA) is a National Law University[1] located at Aurangabad, Maharashtra, India. It was established in 2017 by the Government of Maharashtra, the third and final university to be installed through the Maharashtra National Law University Act, 2014[2] following Maharashtra National Law University, Mumbai and Maharashtra National Law University, Nagpur, the 21st National Law University in India.

### **Concept Note:**

Artificial Intelligence (“AI”) is not a new concept, especially to the people who are enthusiastic about science and technology. New technologies are innovated and incorporated into the routine in the life of people. Artificial intelligence (AI) is one such innovation which has drastically impacted the functional ecosystem of society. The technology is changing rapidly, with computers and now robots, replacing simple human activities. AI is basically a machine that can actually think on its own.

This Seminar will critically re-examine the current theory, law, and practice of Artificial Intelligence. This Seminar will provide discussion on the intricacies of artificial intelligence. Renowned scholars would be joining the Seminar that aims to garner a strong academic response addressing the recent and imminent changes in the legal framework in conjunction with artificial intelligence and allied areas.

### **Objective:**

To provide a platform for stake holder like organizations working in international and national level, legislatures, civil societies, researchers, practitioners, academicians, activists and policy makers to deliberate and discuss on what is required to build strategies and to address the constraints in inclusive practices towards betterment of the society.
