

THE 3rd
IDIA CHHATTISGARH
NATIONAL ESSAY WRITING
COMPETITION 2020

ABOUT US

Increasing Diversity by Increasing Access to Legal Education (IDIA) started out as a student run movement in 2010 from West Bengal National University of Juridical Sciences. Founded by Late Prof. (Dr.) Shamnad Basheer, the movement seeks to empower students from underprivileged backgrounds through legal education and to create community leaders from within these communities. Prof. Basheer, in an interview with Chambers Diversity & Inclusion, explained the core idea of IDIA - “CNR Rao, a former scientific advisor to the Prime Minister of India once said: “our Einsteins’ are in our villages.” At IDIA, we have adapted this sentiment to: “Our Harts’ are in our villages.” Taking this to heart, we have decided to intensify our program and visit the remotest of Indian villages to sensitise and train the HLA Harts (a legendary legal philosopher) of tomorrow.” IDIA sensitises underprivileged students from across the country to law as a career option, trains them and provides scholarships to the students on gaining admission to law schools.

OVERVIEW

In 2018, we at the Chhattisgarh Chapter of IDIA (based out of Hidayatullah National Law University, Raipur) set out to take the aim of IDIA one step further and reach out to students all over India for their perspectives on legal issues. We wanted not only to encourage active dialogue, but also for their voices to be heard. After the resounding success of the 1st and 2nd edition of IDIA Chhattisgarh National Essay Writing Competition, that saw the participation of students from universities and institutions from across India, the IDIA Chhattisgarh Chapter is pleased to organise the 3rd edition of the IDIA Chhattisgarh National Essay Competition this year.

The IDIA Chhattisgarh National Essay Competition, directs focus on the importance of writing, and writing well. We seek to develop a culture where good writing is produced, shared, and appreciated. We see writing not just as a mode of communication, but as a means to step into shoes of other people and look at the world through their eyes. With this essay competition, we seek to push people's limits a little harder - we are eager to see the world through their eyes. We are also eager to be jarred into thinking, to be awakened, to be aware.

The entire team requests you to come up with enthralling ideas that give everyone an opportunity to understand the different ideas flowing from your minds. This Competition has been commenced with one primary goal, which is to inculcate a habit of having constructive dialogue among individuals with varied personalities and ideas. This competition is working in the direction of overall development. This initiative says that it's not only the academics which one needs to prioritise, but also the individual perspective which is often left unheard under the load of academic and co-curricular engagements. Opinion is everyone's treasure, and this is the right platform which allows everyone to express the opinion.

Hence, the IDIA Chhattisgarh team humbly urges all the prospective participants to come out and write. Write to engage in conversations. Write to give other people a chance to acknowledge the ideas which have been left unheard. Write to develop as a new individual.

OBJECTIVES

- The primary objective of this competition is to encourage students across India, to develop original and creative thinking on some contemporary legal issues arising out of Covid-19.
- To raise funds for the IDIA Charitable Trust. All the proceeds collected shall be fully applied towards funding the day-to-day operations of the Trust.
